FOOD AND WINE *LOVERS* FIND A NEW HOME AT TOWNHOUSE

Chef Stephen Lewandowski

FOOD AND WINE LOVERS, YOU ARE IN FOR A TREAT. Nestled off Church Street is new local hotspot, Townhouse. Created and designed by Dana Cifone and Chef Stephen Lewandowski to provide guests with an atmosphere and menu felt innovative while approachable to guests.

We're sharing some of Greenwich Lifestyle's favorite picks from Chef Stephen's Seasonal Coastal American menu.

With plenty of safety precautions in place and social distancing between tables, Townhouse is doing an amazing job to keep their customers feeling safe while still feeling warm and welcome.

PAPPARDELLE SHORT RIB BOLOGNESE WITH WHIPPED RICOTTA.

To put it lightly, the best pasta dish you have ever tasted. We aren't sure who's idea it was to put short rib into fresh pasta but it was incredible! It's even doable in the summer for pasta lovers since it's more fresh, making it lighter than a traditional heavy pasta meal.

THE SCALLOPS.

Winner of the 2020 Greenwich Lifestyle Perfect Bite competition, this is unarguably the best scallop dish in town.

Braised Veal & Foie Gras Terrine

BRAISED VEAL & FOIE GRAS TERRINE.

Christina Collins, local food blogger of Feast and Merriment states, "It was the best foie gras I have ever tasted".

We asked local blogger and influencer, Zac Mathias what he thought of the restaurant as a frequent guest and he shared with us the secret truffle fries. "The BEST truffle fries that I have ever had!! Keep them coming!" @zac.mathias

Along with their delicious menu is the amazing ambiance that fills every carefully crafted room. There are many beautiful spaces throughout the restaurant allowing for social distancing and privacy. Tables are distanced safely apart and the team is taking many precautions to make guests feel comfortable. We've shared some of our favorites from the space.

THE ATRIUM

THE PENTHOUSE.

Events are back and Townhouse can provide both a private and customizable experience. Two grand staircases lead you from The Atrium to the Penthouse event space.

The space features all of the amenities of the restaurant in a large, open, and private environment that can seat more than 100. This includes a full bar, wood burning fireplace, private restrooms, and break-out rooms. With its neutral palette, the upstairs event space allows you to make it entirely your own with customized decor. Be one of the first to book this amazing space for your next private event.

THE ATRIUM.

When you enter the atrium you are greeted by a limestone fireplace, curved marble double staircase, a wall of iron paneled French doors and a 30 foot dome ceiling. In the warmer weather, the doors open up and it is an indoor/outdoor eating space. A great place to be if you want some outdoor dining but don't want the heat of the sun over you.

THE LIBRARY.

Located off the front foyer and adjacent to the main dining room. This intimate room is perfect for a gathering of friends, family, or colleagues.

THE WINE ROOM.

Located just off our main dining room, The Wine Room features seating for more than 20 in a completely private setting. Dark wood walls with bronze accents feature more than 2,000 curated bottles of global varietals, styles, and vintages.
